AIM FOR PERFECTION WITH A RAGIM BOW

We offer a wide array of world-class bows for archers and hunters.

Our products are made with the finest materials and include the latest technological advancements.

Form and function, sophistication and innovation meet in the ideal bow for novices and seasoned pros. Ragim bows are proudly "Made in Italy" and shot worldwide. Our bows, which are exported globally, are created with the skill and craftsmanship for which Italy is renowned. Ragim's bow makers are masters of their trade, true artisans with years of woodworking experience. While tradition anchors each and every bow, innovation is also a top priority.

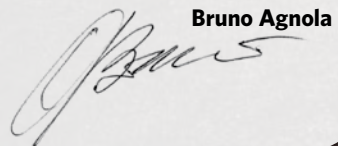

Constant experimentation with new materials and methods allows us to offer you the most up-to-date bow technology at affordable prices.

A Ragim bow is made to last, your trusted companion whether shooting in the woods or on a range. We test our bow using state-of-the-art machines to simulate shooting. This ensures that each bow offers the maximum in performance and resistance. Our high quality standards have earned us the prestigious ISO 9001, an internationally recognized certification of quality control. Ragim is also a green company, having received the ISO 14001 for respecting the environment.

We are dedicated to providing you with the bow that fits perfectly with your hand, budget and goals. And we back it up with excellent customer service and a three-year warranty. Ragim is your biggest fan, supporting you and the sport with quality products and sponsorships.

Ragim Chairman

Bruno Agnola

PASSION FOR QUALITY!

In 2016 Ragim launched a new collaboration with an archer and bow artisan in order to perfect high-quality materials and design special bows, by taking care of every detail, both technical and aesthetic. This partnership materializes in beautiful, accurate and quick bows that are especially devised for competitions.

CERTIFICATIONS

All our products are planned and carried out following the rules of ISO 9001 and ISO 14001 certifications.

DEVELOPMENT AND PROMOTION

For years now Ragim is committed to develop the knowledge of the archery as an alternative to the most famous sports.

We support the Italian Archery Federation in introducing the sport of archery in the schools.

We believe that the knowledge of this sport among young people would obtain the result to have more Olympic Champions in the future.

We would be able to support all the World Federations that have the purpose to promote this sport.

PRO-COMPETITION

GOLDEN EAGLE

Superb and refined, the Golden Eagle take-down bow brings a great innovation in the competition range. Its rounded limbs are recessed in the riser in order to accent its beautiful and smooth design.

The comfortable grip guides the hand of the archer in the correct position. The fine combination of exotic woods and black technowood gives the bow an exceptional strength and stability.

The 62" Golden Eagle is the perfect bow for the archer who approaches the competitions taking care of every detail. The riser is equipped with the patented innovative Ragim Bow Tuning System, that allows the archer to easily adjust the limbs' alignment.

PRO-COMPETITION
**GOLDEN
EAGLE**

PRO-COMPETITION
COBRA

PRO-COMPETITION

COBRA

The Cobra is a wonderful reflex-deflex longbow distinguished by a marvelous color combination. The layering of fine exotic woods along with the technowood, designed in a bright green color, has been perfected in order to give the bow excellent performance. Cobra 64" bow is crafted according to the IFAA rules. It is a very quick bow with an ergonomic grip, for this reason it is particularly suitable for competition, at any level.

INFO > p. 78

PRO-COMPETITION

SCORPION

This new 56" recurve bow has no comparison in the Ragim array. Exceptionally short, maneuverable and aggressive, in high poundages, it is particularly suitable as a hunting bow. Overall the Scorpion is the ideal solution for the field and 3D shooting. The central body is made of fine kevazingo, thin ash layers and an amazing green technowood that stands out thanks to the contrast with the black fiberglass.

INFO > p. 79

PRO-COMPETITION

**RED
HAWK**

PRO-COMPETITION

RED HAWK

Red Hawk is a new 68" longbow characterized by excellent performances and crafted according to the IFAA rules. This reflex-deflex bow is stable, quick and perfect for the archer who wants to compete at any level. The handle is made of black technowood and refined exotic kevazingo, separated by thin layers of padouk and ash. It is shaped in order to allow a sure grip with no need to tighten the hand.

INFO > p. 79

SUPERIOR SERIES

BLACK HAWK

Supreme quality and elegance are matched together in this wonderful 58" recurve bow. The limbs are made of high quality black fiberglass layered with maple and the high-strength multiwood tips are suitable for fast-flight string. The central body is made of exotic amazaque and black technowood, separated by thin layers of exotic padouk and clear maple.

INFO > p. 78

SUPERIOR SERIES

BROWN HAWK

This bright 62" one-piece recurve bow has a graceful central body made of exotic amazaque and black technowood, with slender layers of exotic padouk and clear maple. The limbs are crafted with a central clear maple layer, backed with elm wood and high-strength clear fiberglass. The fine multiwood tips are suitable for fast-flight string.

INFO > p. 78

SUPERIOR SERIES

RED DEER

A one piece bow characterized by a refined and smooth design. Its riser is crafted with exotic padouk, amazaque and thin layers of clear maple. The three-layered limbs are made of a central maple layer overlaid by elm wood and clear fiberglass. This 60" bow has multiwood tips that support all types of strings.

INFO > p. 79

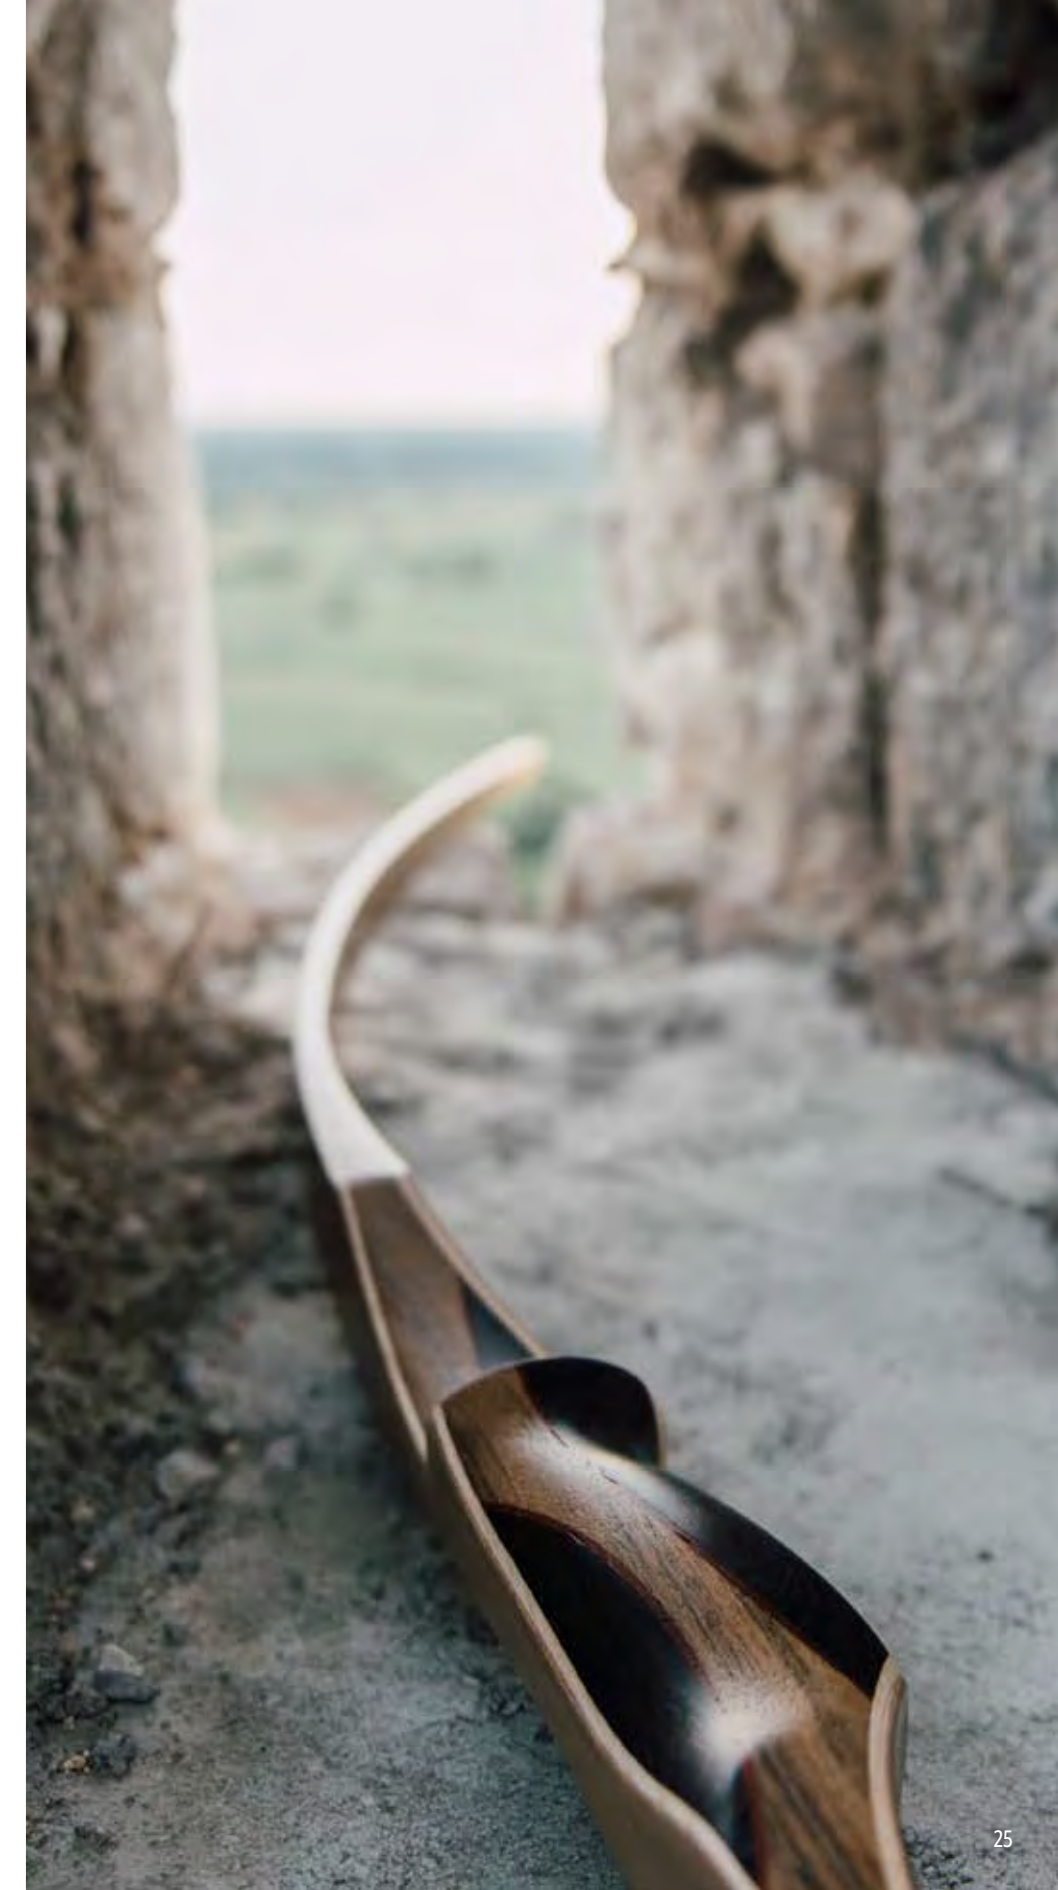

SUPERIOR SERIES

WHITETAIL

This high-quality 66" longbow stands out in the Superior Series. Exotic amazaque, padouk and black technowood, all combined in a slender sophisticated design. The three-layered limbs are made of a central maple core overlaid by elm wood and clear fiberglass. The fast-flight string is supported by strong multiwood tips.

INFO > p. 79

SUPERIOR SERIES

FALCON

Light and slim, this elegant 64" longbow has a central body made of walnut and wenge, with thin maple layers. The limbs are made of high quality black fiberglass layered with maple. High-strength multiwood tips support fast-flight string.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

LEOPARD

A simple but sturdy take-down bow, a perfect combination of quality and price. The Leopard is the best choice for a starter in the world of traditional hunting bows. The handle is made of fine exotic wood. Its comfortable grip fits the hand of any archer.

The bow is equipped with inserts to install a sight, stabilizer and Berger button. The Leopard handle fits the Impala black limbs in order to obtain three different bow lengths (58", 60" and 62"). The riser is equipped with the patented innovative Ragim Bow Tuning System, that allows the archer to easily adjust the limbs' alignment. More information available on our website.

INFO > p. 78

IMPALA

This infallible and reliable bow is one of Ragim's flagship products. It gives the archer a superior performance at a good price. The simply shaped riser is made of exotic woods layered in an attractive lamination. It's compatible with two different limbs sizes, to construct a 60" or 62" bow. The Impala handle is equipped with inserts to install a sight, stabilizer and Berger button. The patented innovative Ragim Bow Tuning System allows the archer to easily adjust the limbs' alignment.

More information available on our website.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

IMPALA BOWFISHING KIT

The Impala Bowfishing Kit is a complete package that comes with an Impala right handed 60" 45# recurve bow and is paired with an AMS Bowfishing package consisting of a Retriever Pro 200#, string things finger tab, tidal wave rest, white fiberglass Chaos 34" arrow with safety slide and an operation & instruction manual for proper installation and usage. Left handed kits along with other limb weights are available upon request.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

IMPALA DELUXE

Select woods and elegant shape, the Impala Deluxe take-down bow shines in the traditional hunting range. Its brilliant handle is made of kevazingo, walnut and black technowood layers.

This beautiful wood combination matches perfectly with the black limbs in order to form three different bow lengths (58" and 60" and 62"). The riser is equipped with all the necessary inserts to install a sight, stabilizer and Berger button. The bow is provided with the patented innovative Ragim Bow Tuning System, that allows the archer to easily adjust the limbs' alignment.

More information available on our website.

INFO > p. 78

RED LION

This beautiful take-down bow is composed of a 19" riser and ILF limbs. The Red Lion riser is crafted with maple and African woods. Its smooth grip is perfect for all shooters, as the international limb fittings allow the archer to use any ILF limbs. The handle is equipped with lateral limb adjustments and limb pockets with steel bolt dowels. The Red Lion limbs are made with hard maple and reinforced with clear fiberglass. Their high-strength multiwood tips accept all types of strings.

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

BLACK BUFFALO

An efficient ILF take-down bow, the Black Buffalo supports XT-100 ILF limbs, that are made of hard maple and strong black fiberglass. These limbs are an ideal solution for new archers, as they are available in three different lengths and all possible weights. They are also suitable with other ILF risers, in order to achieve different bow lengths. The 19" Black Buffalo riser is crafted with hard maple wood, lateral limb adjustments and limb pockets with steel bolt dowels.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

SNOW LEOPARD

This 62" one piece recurve is the ideal bow for those who love simple and smooth shapes. Even though it has traditional lines, this bow is characterized by a pleasant grip that makes the Snow Leopard suitable for any archer. Its elegant stratification is made of refined exotic woods and the strong multiwood tips accept any type of string.

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

BLACK BEAR

A real best seller, this 58" one piece recurve bow has been designed to offer quality and performance at an excellent price. Accurate and smooth, it has a truly comfortable grip. The central body made of exotic padouk contrasts with the black fiberglass, giving the Black Bear a timeless elegance.

INFO > p. 78

RAGIM: THE HUNT IS ON

TRADITIONAL AND HUNTING BOWS

BROWN BEAR

The Brown Bear is a one piece bow available in 58" length. Practical and swift, it is made of a walnut handle and clear fiberglass, that make this bow natural and elegant.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

WHITE BEAR

This 62" traditional recurve bow combines performance and good look. Its riser is made of African wood and maple, while the limbs are overlaid with clear maple, backed and faced with high-strength black fiberglass. The strong multiwood tips can support every kind of string.

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

RAVEN

This traditional 66" longbow features a refined combination of both clear and dark exotic woods, together with the black fiberglass. Smooth and functional, Raven is the ideal bow for archers who love natural colors.

INFO > p. 79

WOLF

Wolf is the perfect longbow for archers who want to experience the emotion of instinctive shooting at a truly appealing price. The riser of this 68" longbow is made of exotic red wood and the limbs are made of hard maple and black fiberglass.

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

WOLF CUSTOM

This 68" longbow is perfect for archers who love natural colors, thanks to the clear fiberglass and the walnut handle. Wolf Custom is the ideal bow for an archer's first step into the world of traditional archery.

INFO > p. 79

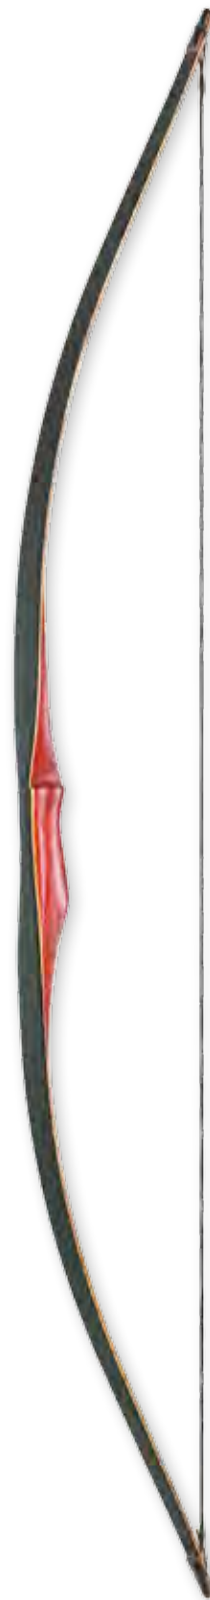

TRADITIONAL AND HUNTING BOWS

FOX

A shorter variation of the Wolf longbow, the 62" Fox doesn't fear comparisons in terms of performance and price. The handle is made of exotic red wood and the limbs are the result of hard maple wood and black fiberglass lamination.

INFO > p. 78

TAKING AIM AT FUN

TRADITIONAL AND HUNTING BOWS

FOX CUSTOM

Fox Custom is a longbow with clean and elegant lines. The smooth central body made of walnut is enhanced by the clear fiberglass overlay. This 62" longbow offers a great quality and price.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

TAÏGA CUSTOM

Taiga Custom is a one-piece bow inspired by an oriental design.

This 48" bow is the ideal solution for archers looking for both speed and lightness.

It is composed of clear fiberglass and a walnut handle with a leather wrapped grip.

INFO > p. 79

ADVENTURE
AWAITS**

TRADITIONAL AND HUNTING BOWS

TAÏGA

Taïga is an oriental inspired bow made of walnut and black fiberglass. Slim, quick, smooth and light, this 48" bow fits the hand of every archer.

INFO > p. 79

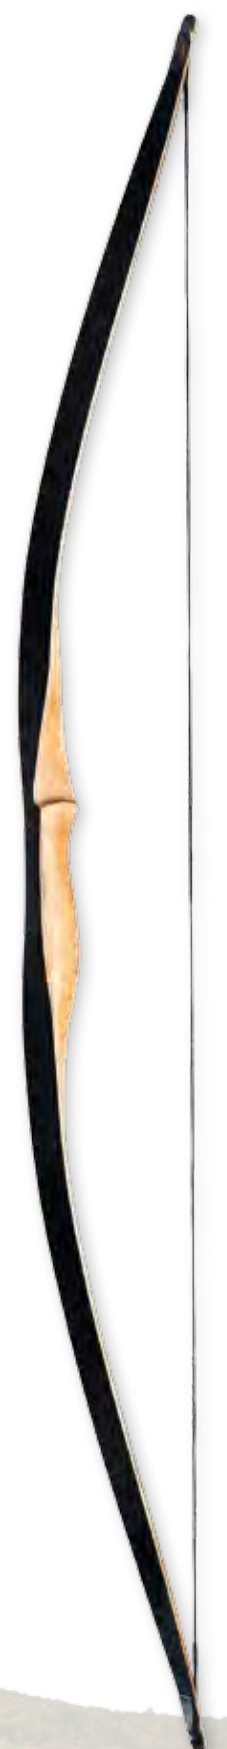

TRADITIONAL AND HUNTING BOWS

SQUIRREL

Squirrel 56" longbow is characterized by a simple and easy design. It is made of a light wood handle and black fiberglass. Its features make it the ideal bow for young people who want to try instinctive and traditional shooting.

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

MOUNTAIN LION

Mountain Lion is a 62" one-piece bow that features captivating colors. The limbs are made of clear fiberglass, maple wood and a carbon insert for superior performance. The traditional shaped handle has a perfect combination of walnut and padouk woods; thin clear layers give elegance to the bow. Tips are made in strong multiwood, perfectly rounded by hand.

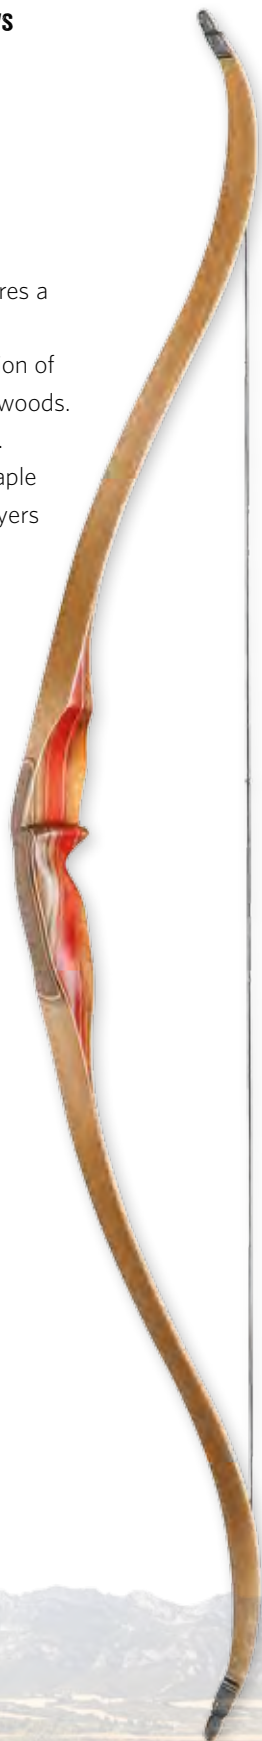

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

BOBCAT

This 60" recurve bow features a bright mixture of colors. The handle has a combination of padouk, walnut and maple woods. The line is slim and elegant. The limbs are made of a maple central body, thin walnut layers and clear fiberglass. High-strength multiwood tips support every type of string.

INFO > p. 78

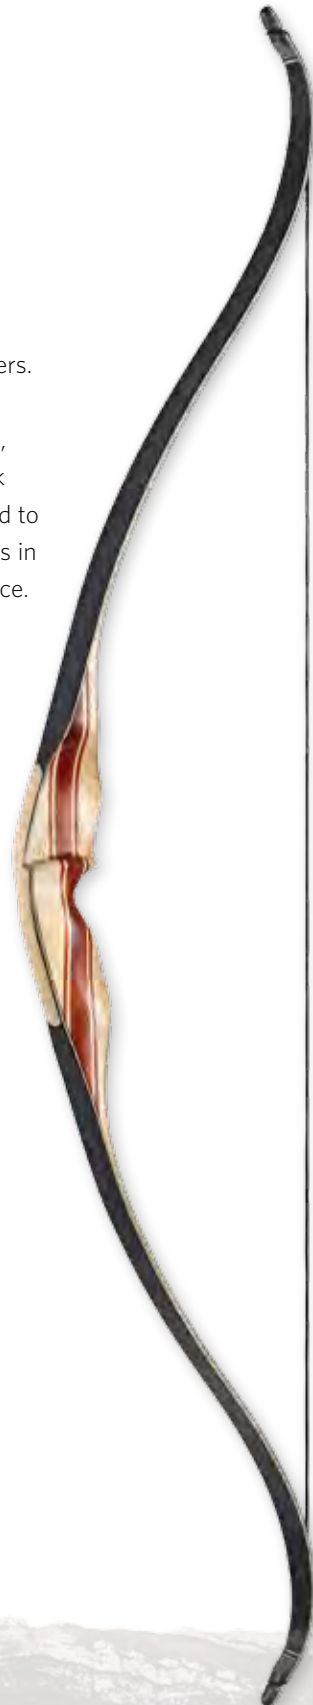

TRADITIONAL AND HUNTING BOWS

BLACK PANTHER

This 58" one-piece bow has been designed to satisfy all the requirements of professional archers. The central body has a beautiful lamination of red and clear woods, with a thin clear layer on the black fiberglass. Carbon layers are added to the wood combination of the limbs in order provide excellent performance. Multiwood tips give elegance and excellent stability with all types of strings.

INFO > p. 78

**ALWAYS
ON TARGET**

TRADITIONAL AND HUNTING BOWS

WHITE TIGER

White Tiger is a superb and elegant 60" recurve bow with a rounded shape and comfortable grip that easily fit the hand of any archer. Its design and combination of the woods' colors make the White Tiger unique for refinement and particularly suitable for 3D shooting. High-quality wood, carbon layers together with clear fiberglass give exceptional performance. High-strength multiwood tips allow the archer to use any kind of string.

INFO > p. 79

TRADITIONAL AND HUNTING BOWS

LYNX

Lynx is a 60" traditional bow with an elegant handle made of amazaque, ash and padouk woods. The limbs are made of black fiberglass and a stratification of maple, carbon layers and ash wood. Strong multiwood tips accept all types of string.

INFO > p. 78

TRADITIONAL AND HUNTING BOWS

BLACK JAGUAR

This 60" one-piece recurve bow is characterized by an elegantly rounded shape and a comfortable grip. The black fiberglass combined with high quality woods, carbon layers and strong multiwood tips provide the archer with excellent performance.

70"	from 20 to 40# increments 2 lbs	1MED (RH) 1MES (LH)	FMA70--

The Matrix Evo is a complete bow. The riser's new design allows the archer to shoot with the arrow rest or with the shelf rest for a more traditional shooting style.

The Matrix Evo is sturdy and easy, making it the best choice for beginners. It features new modern colors with a dark grey riser, black limbs, red tips and limb pockets.

The Matrix Evo riser is equipped with inserts to install a sight, stabilizer and Berger button.

The riser is equipped with the patented innovative Ragim Bow Tuning System, that allows the archer to easily adjust the limbs' alignment. More information available on our website.

The Matrix Evo is also available in 48", without inserts for stabilizer, sight and Berger button.

The new grip has been devised to lead the hand of the archer into the correct position. This allows the archer to avoid mistakes and make learning easier.
